PLANT'S CHOICE[®] BROWN-DYE WOOD CHIP MULCH

(Please state the product name and reference number when specifying and/or ordering)

PRODUCT REFERENCE: BDW200

Plant's Choice[®] Brown Dye Wood Chip Mulch is produced from ground dimensional lumber that has been dyed brown.

Clean dimensional lumber is double ground to produce wood chip mulch which is then dyed brown. A smaller percentage of larger materials and plywood/pressboard may be present. Some plastic/metal contaminants may be present.

Ground and dyed to PCI specifications. Not certified for use as playground mulch.

This mulch is an excellent material to use for achieving an exclusive look. It is suitable for use as a ground cover for weed abatement and water conservation. It is ideal for slopes and pathways. It is easy to apply and to use with drip irrigation installations. It can be used with Mulch Blowing Equipment.

Please review a sample of the material before ordering. Customer is fully responsible for compliance and approval by supervising General Contractor, Architect or Engineer.

A Plant's Choice professional is available to answer any question(s) you may have and/or assist you with the use of Plant's Choice[®] Brown Dye Wood Chip Mulch

Specification data subject to change.
